Cleaning system

The very first technical product under our **POL'HOP** brand, a guarantee of quality, is the **CLEAN EXPERT** combo (and its microfiber cover).

This versatile product cleans all types of floor (tiles, parquet, laminate, marble, etc.) thanks to its microfibers, which trap dirt, bacteria and germs.

CLEAN EXPERT can be used wet or dry, reducing the need for chemical products, and its machine-washable cover makes maintenance easy.

With its 360° rotation, XL plate and telescopic handle, it's easy to handle, practical and durable.

Other **POL'HOP** - **EXPERT** products will follow.
