I. Presentation

1. Balmoral International

What are our commitments?

We are committed to adopting a responsible approach on a daily basis by offering quality products made in Europe (France, Spain, Italy), while reducing our impact on the environment.

About us

Balmoral International is a French SME based in Écully, near Lyon, specialising in the design and manufacture of household products, **100% dedicated to the international market**. Our unique expertise enables us to adapt to every type of market.

Our team

Our team is made up of international enthusiasts. With a presence on several continents (Africa, Middle East, Pacific, Caribbean, Indian Ocean, etc.), we are truly flexible and responsive. The diversity of our products reflects our ambition for growth. In just one year, **POL'HOP** has become an internationally recognised brand.

2. POL'HOP

What is it?

Pol'Hop is our brand of colourful household products designed to simplify your everyday life.

Our motto

'Make it easy! That's the first phrase that comes to mind when we develop our products. Our aim is to make cleaning easier and more effective, whatever the type of surface.

What are our commitments?

We are committed to respecting the environment. Our short supply chain reduces our carbon footprint, and we have adopted an innovative technology that injects recycled plastic into the heart of some of our products, while covering them with virgin plastic. In this way, we give plastic a second life, while protecting the environment. Our packaging is also designed with the environment in mind, using unvarnished materials, biodegradable inks and flexible adhesive.

Our products

Pol'Hop products embody ease of use, innovation and durability. Our distinctive colours, **bright green and silver**, meet both classic and playful needs, while ensuring maximum visibility in-store. Our products are available in supermarkets and traditional markets alike, and their superior quality means we can meet the demands of professionals, particularly in the catering sector (Horeca).

And only one screw thread, the most widely used in the world: Italian! Risk of error = ZERO!

II. Our projects

1. Where are we now?

2024
Step 1

RELOCATION IN EUROPE

95% of our production in Europe (France, Spain, Italy).

Closure of our factory in Turkiye

2024
Step 2

VALUE CREATION

The POL'HOP range is comprehensive and covers every need. The products are easy to use, innovative and durable.

More effective, healthier products.

2024
Step 3

CONSOLIDATION STRATEGY

We are THE international benchmark.

STAR products are clearly positioned in relation to inflation.

Synergy with HERITAGE is a reality.

1. Where are we now?

60 countries covered, with a strong presence in Africa, the Indian Ocean, the Pacific and the Caribbean. Maintaining our presence in Russia.

New markets opened up, including India, Israel and Saudi Arabia.

Strengthening our sales and procurement team and expanding our logistics (36,000 m2 at Courthezon near the port of Marseille-FOS in France).

Reinforcement of our factories in Europe (France, Spain, Italy), closure of Turkiye.

Sales up 25%. Results (EBITDA) in line with our objectives despite geopolitical tensions and continued increases in raw materials prices, plus the blockage of the Suez Canal.

By working with BALMORAL INTL, you are working with a SAFE company 100% dedicated to exports, which will meet your requirements, including over the long term.

1. Where are we now?

TRENDS
2025

BALMORAL INTL SAS is committed to 10 points

1 - Quality of products or services: by supplying products and services that comply strictly with European standards.

2 - On-time delivery: within a maximum of 48 hours of placing your order, we will send you a pro forma indicating any shortages and a proposal for substitution, if necessary. Our priority is to serve you with as many products as possible. This is why, through efficient management of our supply chain, we guarantee a service rate equivalent to at least 80% of your order for immediate dispatch. For products that we are unable to serve immediately, and if you agree to include them in your next order (immediate validation of the remainder), you are guaranteed a 2% discount on the entire next order. In all cases, as soon as we receive your approval, we will arrange delivery and/or positioning of the container. Our communication is transparent in the event of potential delays.

3 - Regulatory compliance: through compliance with all export-related laws and regulations. This includes proper documentation, export licenses and compliance with trade sanctions.

4 - Sales support: for all our products, assistance is provided (technical data sheets & sales arguments accessible from our website www.polhop.net). Carton traceability is currently being implemented and will be effective by June 2024. Sales support is also available by telephone (+33 4 13 95 06 71) and e-mail (sales@balmoralintl.com) for rapid problem resolution, replacement of faulty products, etc.

5 - Transparent communication: regarding potential changes in delivery conditions, prices, or any other crucial aspect of the contract.

6 - Confidentiality: all information exchanged remains confidential.

7 - Ethical standards: by adhering to ethical standards, including fair business practices, respect for human rights and environmental standards.

8 - Risk management: by putting in place mechanisms to mitigate export-related risks, such as commercial insurance, forward contracts, or other risk management strategies.

9 - Adaptability: in an ever-changing international business environment, we are committed to adapting to changes in international markets and adjusting our business practices accordingly to the competitive and legislative environment.

10 - Striving for excellence: while remaining easily accessible, our aim is to work together towards excellence, enabling you to develop your own business with a reliable partner.

**BALMORAL INTL SAS
makes a 10-point
commitment**

2. At the heart of our factory

Our production factories are strategically located in France, Spain and Italy, guaranteeing short supply chains and unrivalled quality. With our head office based in Écully, in the heart of the Lyon metropolitan area, and a 36,000 m² warehouse in Courthezon, near the port of Fos-Marseille, we can offer you fast, efficient logistics solutions. Opt for the proximity, responsiveness and reliability of our European infrastructure!

3. Our objectives

MISSION

To offer quality products, made in Europe, at affordable prices,

To continue to innovate and believe in a better future for consumers.

VISION

Taking care of goods and people for more authentic & sustainable consumption,

Helping those in need through concrete CSR actions.

4. Our latest news

III. Our products

1. BRUSHWARE

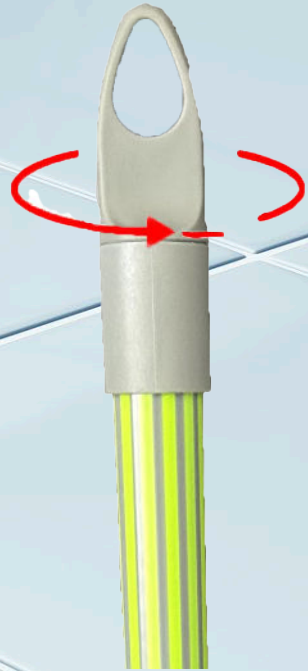

Brooms

Indoor brooms +
handles sets

EVO SOFT broom + handle (930187)

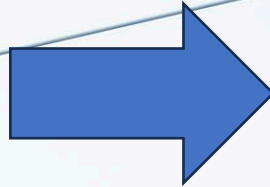

Brush for delicate floors with shock-resistant edges and an anti-slip 120cm metal handle. Super-soft and supple fiber for effective dusting.

PRODUCT ADVANTAGES: shock-proof edge and rotating hook for easy storage

Mops

Cotton mops

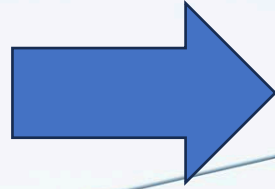

MEGA PRETTY 300grs mega long and fine mop (930191)

Extra-large fringe in majority cotton. Extra-fine yarns. Offers real ease of use thanks to its large cleaning surface.

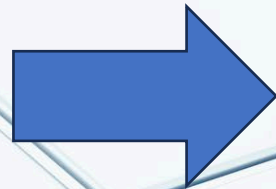

Mops

Synthetic mops

COTTON SWIPE microfiber & cotton mop (930192)

Cleans deeply without scratching. Microfibres trap dust, dirt and allergens. Cotton provides softness and absorption.

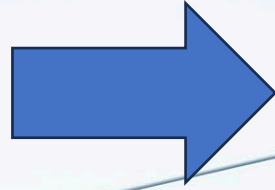

ULTRA BRIGHT microfiber mop (930193)

Our microfiber is made from polyester and polyamide. The polyester ensures the product's durability, while the polyamide gives it a high absorption rate. Durable product.

Mops

Synthetic mops

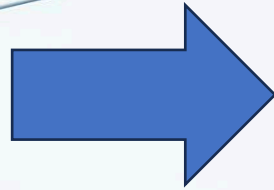

AQUA SWIPE blue band microfiber mop (930194)

Our mop fringe is made up of strips mounted in a corolla shape to prevent scratching. Made from polyester and polyamide, it can be used on all types of floor.

Handles

Wood
handles

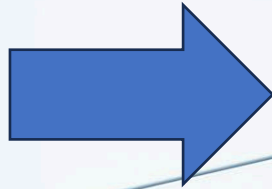

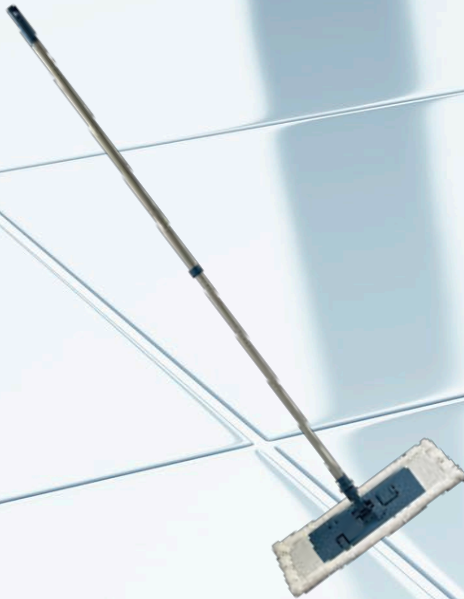

STAR wood 125cm handle (930190)

Strong handle made from a single piece of homogeneous wood. Practical and efficient.

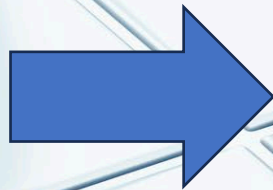

Cleaning sets

Multi-purpose

CLEAN EXPERT 40cm flat microfiber mop set, 68cm-120cm telescopic handle (930185)

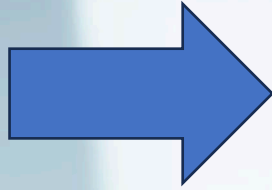

CLEAN EXPERT is versatile and suitable for all types of floor (tiles, parquet, laminate). The microfibers trap dirt, bacteria and germs, ensuring thorough cleaning. Can be used wet or dry, reducing the need for chemicals. The cover is machine washable. With 360° rotation and a telescopic handle, it's easy to use, innovative and durable

Microfiber scraper mop refill FOR CLEAN EXPERT (930186)

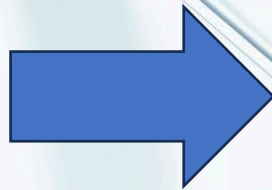

Replacement scrubbing microfiber cover for the CLEAN EXPERT scrubbing system. Used dry to remove dust from all types of floor. Used with water and/or detergent for effortless deep cleaning and quick drying. Microfibre effectively traps bacteria and germs

Buckets and wringers

MEGA MIRACLE 15L ergonomic oval bucket (930181)

Large capacity bucket equipped with a spout for more convenience. The handle is ergonomically designed for excellent grip. A notch under the bucket makes it easy to empty. Professional quality (made of 100% virgin plastic, extremely resistant).

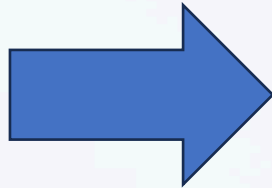

FOR MEGA MIRACLE grid for 15L oval bucket (930182)

Thanks to its ergonomic shape, the grid fits perfectly in our oval bucket. Strong enough to withstand heavy pressure to wring out our mops effectively.

To discover the advantages of our bucket and wringer, click on the image and hold down the CTRL key on your keyboard.

Washing brushes

Bottle brushes

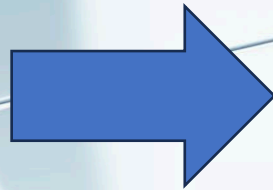

SWIFT litter bottle brush (930136)

Nylon fiber brush for cleaning 1L or baby bottles. Fibers resistant to detergents and heat for better hygiene. Long handle to reach each nook and cranny of the bottle without scratching the glass.

2.DUSTING

Dustpans

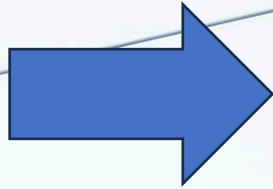

METAL lacquered dustpan (930164)

Heavy-duty metal dustpan: almost indestructible. For garden or fire place cleaning. A new origin for this product : Belgium

3.WIPING

Sponges and scourers

Natural

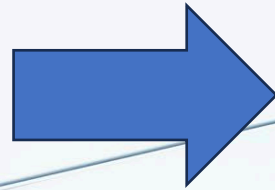

**EXTRA JOY 5 coloured square washing-up sponges
(930189)**

High absorption rate for deep cleaning without streaking or scratching. 5 exclusive colors.

4.STORAGE

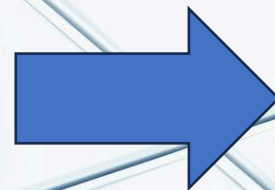

Garbage bags

With
drawstrings

POL'HOP AND HERITAGE A HISTORIC PARTNERSHIP!

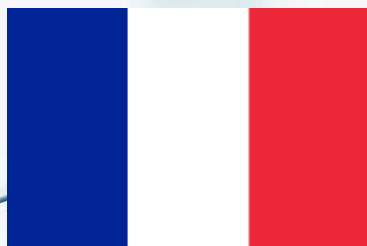

Prendre soin de vos biens pour une consommation plus durable

POL'HOP and HERITAGE offer an ideal combination for maintaining a clean and well-managed home. Here's how you can use our products effectively:

- Floor Cleaning:** Use VIGOR along with a POL'HOP bucket, scrubber, and mop to achieve flawless cleanliness.
- Parquet Care:** Apply O'CEDAR liquid wax with a POL'HOP chamois for a gleaming, polished finish.
- Clothes Drying:** Use POL'HOP clothespins for mark-free drying of clothes washed with BONUX and MINIDOU.

Both POL'HOP and HERITAGE, as French SMEs, share a commitment to high standards and common values:

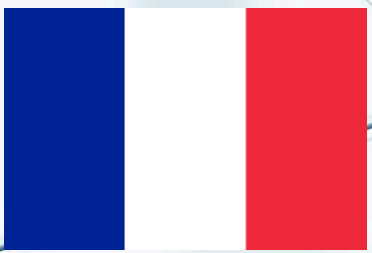

- European Manufacturing:** We prioritize manufacturing in Europe to ensure high-quality, innovative, and durable products.
- Excellence and Practicality:** Our focus is on creating practical, long-lasting solutions that enhance everyday life.
- Support for Local Economy:** We are dedicated to supporting local industries and economies.
- Environmental Responsibility:** We strive to minimize our environmental impact while delivering top-notch products.
