### Our new logistics

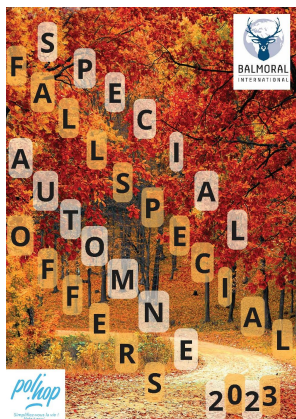

We're moving to a new scale: 36,000 M2 in Courthezon, in the south of France, with direct access to the A7 and A9 motorways, a strategic route that allows us to reach the Port of Marseille - FOS in just a few minutes.

We're up and running with our partner Le Roy. The running-in phase is over. The first shipments (including containers) have been made.

Next steps: FSC certification, sample library (for ISO standards).

### Getting closer

To improve orders processing more quickly, we offer backorder management. When your pro forma is issued, we will tell you the service level of your order. A proposal to replace any products that are out of stock or to complete your order will be made to you. Our aim is to make suggestions.

### Fall special offers

Our autumn promotions are now available. They focus on our brooms + handles (including the Expert broom, the only broom with 3 different fibre hardnesses, for all types of indoor and outdoor floors) and storage.

[Discover our special offers!](#)

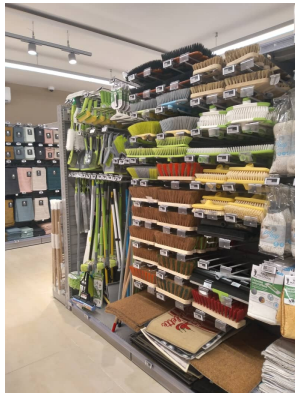

### New broom

The Columbia Broom is now available! A soft mid-length fibre that's super effective at trapping dust, a generous socket that attaches easily to a handle. Available in our two colours: silver-grey and green.

### Super protective gloves

Our POL'HOP gloves are made in Malaysia. Made from pure natural latex with a pure cotton flock, they protect your hands. These gloves comply with all standards and come in particularly attractive packaging!

## Pol'Hop at Franprix Mandarine

POL'HOP has long been present in MANDARINE shops in Ivory Coast through our partner PROSUMA. We have just opened MANDARINE Congo with our partner BUROTEC! This is the very first FRANPRIX MANDARINE shop in Pointe Noire.
